National Conference 2020
Empirical Theories in Architecture, Planning & Construction Management
On 7th and 8th August 2020 at ACOA, Pune

The National Conference on Empirical Theories in Architecture, Planning & Construction Management is devoted to the idea of encouraging diverse concepts which are more experience and opinion based in addition to the theories already known. The attempt is to bridge the gap and integrate research with practice formally thereby enhancing the quality of Education, Architecture and Environment. The key themes of the National Conference 'Architecture, Design & Planning', 'Construction Management' and 'Pedagogy & Architectural Education' cover an array of topics that enables the Students, Academicians and Practitioners to showcase their notions, hypotheses and ideologies evolved and devised through research and practice.

Due to the unprecedented COVID-19 pandemic situation in the country, the National Conference will not be conducted in the traditional format considering the limitation of social-distancing and travel; it will be now conducted as an online e-Conference on Friday & Saturday 7th & 8th August 2020 by video conference method using online application Google-Meet, with a live telecast on the ACOA Facebook page id 'Acoa Pune' or at www.facebook.com/acoa.pune.7
