

Scholarships for Architecture and Interior Design Programmes

At Allana College of Architecture, we believe that financial constraints should never stand in the way of academic excellence. To support deserving and talented students pursuing Architecture and Interior Design fields, various scholarships and financial assistance schemes are available through the Azam Campus Trust as well as private foundations and corporate organizations.

Azam Campus Trust Scholarships

The Azam Campus Trust is committed to promoting higher education by providing financial assistance to deserving students from economically weaker sections. Scholarships are awarded based on academic performance, financial need, and institutional guidelines. Eligible students may apply through the college administration by submitting the required academic and income-related documents.

Private Scholarships

Students at Allana College of Architecture can also benefit from several private scholarships offered by alumni, various foundations, trusts, and corporate social responsibility (CSR) initiatives across India.

Invest in Your Future

Through a combination of institutional support, Azam Campus Trust assistance, and private scholarship opportunities, students can focus on developing their creative and professional potential while reducing the financial burden of Architectural and Interior Design education.
